RE: CASE NO. 2009-00066

Dear Mr. Derouen:

This letter is in compliance with the Commission's Order dated April 27, 2009 in Case 2009-00066.

In a letter dated December 20, 2011 Delta notified the Commission that forward contracts were executed with Atmos Energy Marketing for the 2011-2012 winter heating season for 190,000 Dth at a price of \$3.93 per Dth and for 90,000 Dth at a price of \$3.92 per Dth. Delta had previously detailed the effects of the December 2011 and January 2012 forward contracts in the Application of Delta Natural Gas Company, Inc. to Extend its Natural Gas Supply Hedging Plan dated January 23, 2012. At the time of the filing, data was not available for February and March 2012. The published Tennessee Gas Pipeline indices for February and March 2012 were \$2.69 and \$2.44 per Dth respectively. The published Columbia Gulf Transmission indices for February and March 2012 were \$2.63 and \$2.40 per Dth respectively. The forward contracts had an impact of \$167,950 on the price of gas to Delta's customers.

Please acknowledge receipt of this filing by stamping the extra copy of this letter and returning to Delta in the envelope provided.

Sincerely,

Connie King
